## **ABOUT**

# **OPEN DAYS 2024**

We want to celebrate with you the consolidation of ZKTeco Europe within the ZKTeco group, and therefore, we invite you to go on tour with us this 2024 in our first Roadshow of security solutions in Central Europe and Adria, firm in our commitment to continue generating value in our wholesale channel.

In these days, aimed at our distribution channel and professionals in the sector, we will have sessions in unique spaces in which we will present the new products of the brand, but we will also train with demonstrations, workshops and we will talk about new projects and opportunities. The meetings in each city will have morning sessions where workshops and presentations will be given, demos of the new products will be shown and will end with a delicious cocktail.

And also, as a thank you for your presence and support in each city...

**GIFTS AND RAFFLES WILL BE GIVEN AWAY TO THE ATTENDEES.**
